

Arizona Charitable Tax Credit for the Working Poor Donation Form

Where families break the cycle of homelessness.

This state tax credit provides a dollar-for-dollar tax credit and **lowers the amount you pay** when you make a contribution to an agency that qualifies as serving the working poor. (As an example, if you owe \$1000 in AZ state tax and make a \$400 donation to the working poor, you will only pay \$600 in taxes or it will increase your refund by \$400.)

UMOM New Day Centers qualifies with the state as an agency serving the Working Poor.

When filing a joint return you may qualify for **\$400 (per couple)** or **\$200 (per individual)** on your Arizona tax returns.

You can take advantage of this opportunity, and participate in other tax credit programs, including the school tax credit.

UMOM New Day Centers provides homeless families and individuals with safe shelter, housing, and supportive services to assist them in reaching their greatest potential.

UMOM serves over 5,000 each year through a continuum of services that include: shelter, food, case management, transportation assistance, child care, teen programs, education, housing, job search, relocation assistance & medical care.
